Professional Summary

Full-Stack Developer with hands-on experience building robust, scalable, and user-focused web applications using **React.js, Next.js, Node.js, Express.js, and TypeScript**. Proficient in developing efficient **REST APIs**, working with **PostgreSQL, MongoDB, and Azure SQL**, integrating **Microsoft Graph and SharePoint**, and implementing **Azure cloud deployments and CI/CD workflows**. Experienced in performance optimization, third-party integrations, and developing secure, production-ready backend systems.

Experience

Dataabsolute Technologies Pvt. Ltd.

Mar 2026 – Present

Senior Developer

Jaipur, India

Grizzly MEP Employee Portal | React.js, TypeScript, Node.js, Express.js, Azure SQL, SharePoint, Microsoft Graph

- Developed and enhanced a full-stack employee portal using **React.js, TypeScript, Node.js, and Express.js**, supporting employee directories, company content, document libraries, careers, and internal approval workflows.
- Integrated **Microsoft Graph API and SharePoint Online** through backend services to manage employee directory data, organizational structures, documents, news, career applications, and workflow-related content.
- Worked with **Azure SQL** for employee authentication and application data, implementing REST APIs and backend services to securely connect frontend workflows with enterprise data sources.
- Supported **Azure deployment and CI/CD** using Azure Static Web Apps, Azure App Service, and GitHub Actions with automated build, testing, and deployment workflows.
- Worked with **Grafana** for application and infrastructure monitoring, creating and reviewing dashboards, analyzing metrics and logs, and identifying performance or operational issues to support system reliability.

Sogofy Biz Tech Pvt. Ltd.

Aug 2024 – Feb 2026

Full-Stack Developer

Coimbatore, India

Hiring Platform | React.js, MUI, Node.js, Express.js, PostgreSQL, Redux

- Developed and maintained a scalable hiring platform serving **1,000+ users**, building full-stack features across React.js, Node.js, Express.js, and PostgreSQL. Designed and maintained **100+ database tables, 200+ PostgreSQL functions, and 150+ REST APIs** supporting hiring workflows, assessments, and notifications.
- Optimized backend APIs and complex SQL queries, improving system response times by **30%**. Implemented secure authentication and access control using **Google & LinkedIn SSO**, OTP-based login, role-based permissions, and subscription-based feature controls.
- Integrated **Stripe payments**, automated email workflows, real-time and scheduled notifications, and **AI APIs** for candidate scoring, skill matching, and interview workflows. Managed deployments, production issues, and client communication across requirements, delivery, and enhancements.

Server Allocation Platform | React.js, TypeScript, Node.js, Express.js, PostgreSQL

- Developed full-stack features for a server allocation platform using React.js, TypeScript, Node.js, Express.js, and PostgreSQL, designing **40+ database tables, 80+ PostgreSQL functions, and 60+ REST APIs** for server management workflows.
- Built responsive UI components and integrated frontend-backend services, while contributing to payment flows, email notifications, testing, debugging, and client-driven feature enhancements.

Technical Skills

Languages: JavaScript, TypeScript, SQL

Backend: Node.js, Express.js, REST APIs, JWT, Authentication

Integrations: Microsoft Graph, SharePoint, Stripe, SSO, AI APIs

Cloud & DevOps: Microsoft Azure, GitHub Actions, Grafana, Application Insights

Frontend: React.js, Next.js, MUI, Tailwind CSS, Redux

Database: PostgreSQL, MongoDB, Azure SQL

Tools: Git, Postman, JIRA

Education

Amritsar College of Engineering & Technology

Aug 2019 – Apr 2023

Bachelor of Technology in Electrical Engineering (CGPA: 8.09/10)

Amritsar, Punjab

Certifications & Achievements

CAP (Career Accelerate Program) – **MERN Stack Developer**, Prepleaf (by Masai)

2023 – 2024

- Awarded a **scholarship** for being the **top performer** of the batch.

Python 100 Days of Code Certification

2022

Recognized for **excellence in leadership** as Final Year Lead for handling a college-level team.
